### **HEADLINE**

**NELSON, August 5, 2026** — The Nelson Police Department executed a search warrant on June 4<sup>th</sup>, 2026 where a significant amount of stolen property was recovered. As is often the case, some stolen items are difficult to track to a lawful owner. During the execution of the warrant, NPD seized generators, chainsaws, cordless power tools, yard equipment, mountain bikes and e-bikes.

If you have had any items such as those mentioned above stolen and can provide a serial number or some other description of the item that sufficiently satisfies police that you are the lawful owner of that item, please contact Cpl. Debienne at [cdebienne@nelsonpolice.ca](mailto:cdebienne@nelsonpolice.ca).
